

CKC Chop Sticks 'n Tom Selleck The Chop Sticks LIE

BY: Christian Knuckles

Have you seen Tom Selleck, as the sage Police Commissioner in Blue Bloods? Did you see him using chop sticks? The Beast loves to pretend like the Chinese are superior to Europeans. But, Christians want the truth.

Chop sticks are nothing but artificial Fingers. That is as primitive as technology can be. Let me tell you about the genius of the European Race. Then, I will tell you what or who the European Race really is.

Some time during the, so called Dark Ages, after the fall of Rome, the eating with a knife, inspired a two-pronged fork in Italy. By 1000 A.D. the multi-pronged fork was common among European Royalty.

The Chinese never invented the Fork. So, for Europeans to eat with chop sticks is actually stupid; It is Re-gressive. ... **This IS Spiritual Warfare!!** The ONLY reason this kind of scene appears in movies and TV is to make the less educated whites think: "Wow! Look how sophisticated those "Elites" are. The Chinese are better than White People." Those innocent Whites are victims in the Battle of Armageddon. Most Whites do not understand that Globalists are Satan Worshippers. They are "ELITE CRIMINALS."

The derogatory message of The Antichrist Beast to the White Race, IS A LIE!! The Liars USE Free Speech to Deceive Christains. The Beast OWNS the "Power of the Air" (**Eph 2:2**) (information/entertainment media), and uses the "Image of the Beast" (**Rev 13**) ... "to deceive the Very Elect." (**Matt 24:24**)

The White Race is "the Very Elect."
