Alex Jones on OKC Bombing 1995

“If we don’t expose the fact that Oklahoma City (Bombing) stinks to High Heaven, the same people that carried it out will do it over and over, again. And, they are going to use these frightening events to drive a stake thru the United States, and their going to Kill Our Republic.”

YouTube Video Narrator: “Almost immediately the OKC police put out an ALERT message, to be on the look out for two Middle Eastern Men, wearing blue jogging suits. ...” [Plus, I, myself remember this (mideast) LIE.]

Timothy McVeigh was arrested. It was the only time he was arrested IN HIS LIFE. ... ATF OFFICE was in the Murrah Bldg, but NO AGENT WAS HURT, BECAUSE THEY WERE TIPPED OFF.

The Official story was Rail-Roaded into the Public Mind, exactly like what happened on September 11, 2001. (See Appendix.)

KFOR TV News initially reported the Truth, but after the Feds got there all the REPORTERS CHANGED their Story. Then, the NY TIMES purchased the Station. The News Director was fired, and **all inconvenient evidence Disappeared.**

Gen. Benton K. Partin USAF Ret. Demolitions Expert, analyzed the Bomb Damage. Found that the Air pressure from the truck bomb was 10 times **TOO LOW to do the damage observed.** Major columes were shered off. This **proves that bombs were directly on the columes.**

He also made an issue of the Asymmetrical Destruction to the Murrah Building. This also proves that the truck bomb did NOT do the damage. Some of the Bombs (in the Bldg) did not detonate.

APPENDIX

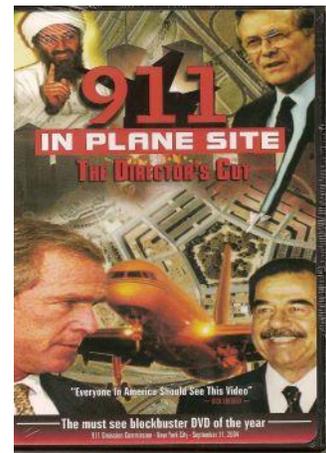

On September 11, 2001 the Official Story was Rail-Roaded into the Public Mind by this man.

Within 1 Hour of the WTC collapse this "unknown man" [pictured, above] was put on TV BY The BEAST. He told the fantastic story of the "Pancake Theory" (LIE) explaining the collapse.

Several Weeks later, people were asking the question, "**Who was that man?**"

The question was posed in the video from which I got this picture. That video gave ample evidence with pictures proving that Fire does not cause a Concrete & Steel building to collapse. They had a film of a building in Spain that burned for 3 days without collapsing.

I had two different videos exposing the LIES behind the "Official Story." Both were stolen from my house by the Federal Agency that was STALKING ME, in 2015. [Links for YouTube videos on p. 3.](#)

OKC BOMBING was a Trial Run for the WTC Bombing
